Project Title: Capybara Website

I'd like to create multiple page website using a nav bar on the top of the page.

<https://en.wikipedia.org/wiki/Capybara>

1. **Basic info about capybara (home page) +Etymology**
2. **Classification and phylogeny**
3. **Description of capybara**
4. **Ecology + Conservation + Human interaction**
5. **Diet and predation**
6. **Social organization + Reproduction**
7. **Meme Culture and its popularity**
8. **sources**
